"Ataxia, OPCA & MSA-C Look-A-Likes of PSP, CBD & MSA"

**PRESENTER**

Dr. Susan Perlman

**DATE**

Thursday, September 17, 2009

## **TIME**

- 8:00 PM Eastern Time**
- 7:00 PM Central Time**
- 6:00 PM Mountain Time**
- 5:00 PM Pacific Time**
- 1:00 AM United Kingdom/London Time (following day)**
- 2:00 AM South Africa/Johannesburg Time (following day)**
- 10:00 AM Australia/Sydney Time (following day)**

## **DURATION**

- 10 minute introduction of CurePSP+, National Ataxia Foundation and Dr. Susan Perlman**
- 40 minute presentation**
- 10 minute refreshment/toilet break**
- 60 minutes of Questions and Answers**

**Dr. Susan Perlman, Clinical Professor of Neurology in the David Geffen School of Medicine at UCLA, is a graduate of the School of Medicine at the State University of New York at Stony Brook. She completed her internship in medicine and her residency in neurology at UCLA, then went on to do a two (2) year research fellowship in Friedreich's ataxia. In 1983 she became director of the UCLA Ataxia Center, which has evaluated and treated close to 4,000 patients with ataxia, over half of them with non-genetic ataxia. She works closely with the UCLA Movement Disorders Program and is developing a database and DNA/RNA bank to further the search for the causes and treatment of the Atypical Parkinsonian Disorders that include ataxic symptoms. She was recently named Medical Director of the National Ataxia Foundation.**

**Patients, caregivers, family members and medical and healthcare professionals from across the United States and Canada and from most countries of the world can listen and/or view Dr. Perlman's live Webinar. Her presentation will provide guidelines to the diagnosis and treatment of Parkinson's Plus syndromes that include cerebellar ataxia (Olivopontocerebellar Atrophy—OPCA, Multiple System Atrophy type C—cerebellar) and discuss them during her upcoming Webinar sponsored by CurePSP+ (Foundation for PSP + CBD + Related Disorders).**

**You may listen and view her story (via a slide show presentation) from the convenience of your home or office, using your computer and your attached speakers. This is FREE! No special computer software is necessary.**

**Or you may listen only to her story using your land or mobile telephone. Line charges are your responsibility.**

# Register Now!

How to address questions to the presenter, Dr. Susan Perlman:

- ❖ Once you have registered for this Webinar you can, up to one (1) day prior to the start of the Webinar, e-mail the presenter a question at [Webinar.Question@gmail.com](mailto:Webinar.Question@gmail.com)
- ❖ If you are listening and viewing the Webinar via your computer, you can submit your questions online via the Webinar's Instant Messaging (IM) service.
- ❖ If you are listening to the Webinar via your telephone, you will not be able to ask your questions.

If you have any questions, please contact the Webinar Organizer, Outreach & Education Committee, CurePSP+ at [CurePSP.Webinar.Coordinator@gmail.com](mailto:CurePSP.Webinar.Coordinator@gmail.com) .

*\*A Webinar is a FREE computer based web conference with up to 1,000 people from around the world viewing the conference. It is typically one-way, from the presenter to the audience. The presenter speaks to the audience, using a computer attached microphone. He/she points out information being presented via the mouse pointer on the viewers home or office computer screen. It is also possible to just listen to the presentation via a land or mobile telephone. The cost of the telephone call is paid for by the listener.*
